## New County Garbage Collection System In Effect

Effective last Monday rural residents of Coffee County went under a new system of solid waste disposal (garbage pick-up). Now the collection is door-to-door with all residents required to either pay for the pick-up or get approval from

the health department for alternate disposal methods. Only two alternate methods are authorized at present. Residents can either get a permit for burying their own garbage or one allowing them to transport it to the county

landfill. The cost to residents will be \$4.50 for the door-to-door pick-up with a \$6.50 rate for businesses. If the garbage is taken to the landfill, a \$5.00 charge will be assessed. There is some question

about the County Commission not officially approving the charges in a regular meeting, but this can be corrected at the next meeting of the Commission and the plan would remain as announced.

**TO: ALL RURAL RESIDENTS OF COFFEE COUNTY**  
Chapter 27, Solid Waste Act, Title 22-27 (1-7) has placed Coffee County in the garbage collection business. This law spells out that the County must provide a garbage collection system and is strictly enforced by the State Health Department. This is a state law and the County has no control over it.

This law gives the individual households and businesses three options under the law:  
(1) To participate in a County-wide garbage pick-up service provided by the County. This service is provided at the cost of \$4.50 per household for once a week pick-up service and for businesses at the rate of \$6.50 per month for a once a week pick-up service.

(2) Obtaining a permit to bury garbage for a property owner on his own property from the health department.

(3) Application for a permit to haul one's own garbage to an approved land-fill site. Vehicles hauling this garbage must be covered and approved by the State Health Department.

It is a must that all residents of Coffee County comply with this law. The only three options available are the three listed above.

Punishment for non-compliance or dumping provides for a fine of not less than \$5.00 and not more than \$100.00. Each dumping or non-compliance constitutes a separate offense and this law and fine will be strictly enforced by the State Health Department.

This law comes into effect 1 October, 1979, and will affect existing open-dump areas and

land-fill sites and it will be against the law to dump garbage in any method or manner not listed in the three options above. Pre-existing land-fill sites and open-dumps must be cleared and cleaned up prior to 1 October, 1979.

For more information concerning this matter, you may call 894-6196 or mail your check in the amount of \$4.50 per household or \$6.50 per business to Coffee County Solid Waste Department, P. O. Box 487, New Brockton, Alabama 36351.

**REMEMBER:** This law goes into effect 1 October, 1979, and you must be enrolled in one of the above three options or be subject to fine.

## Dock Padgett

### Dies In Wreck

Dock Padgett, Of Elba, died Tuesday afternoon while returning to Elba from his work in New Brockton. At press time law officers were not sure if he died from the accident or from other causes. The accident happened just West of New Brockton on Highway 84.

Set. John Murre of the New Brockton Police Department assisted state troopers investigating the accident and told this newspaper members of the New Brockton Rescue squad had to climb into the car, break out a window to get Mr. Padgett out of the vehicle. His Plymouth car was resting on its left side on an embankment.

The rescue unit transferred Mr. Padgett to an Enterprise hospital.

## City Council Meeting Is

### Postponed

The Elba City Council meeting scheduled for this past Tuesday night was cancelled due to lack of a quorum. Three councilmen reported they would be out of town Tuesday night. This left only two (English and Kennett) and not enough for a legal meeting.

## Manpower Survey Underway In County

Mrs. Myrna Rhoades, left, is shown interviewing a Coffee County resident early Monday morning as work gets underway on a countywide Manpower Survey. The survey is under the sponsorship of the Department of Industrial Relations and is designed to find

out the needs of the people of Coffee County in the way of employment. A mass mailing of questionnaires was sent to county residents, they are available in many public places and a group of men and women are stationed in heavily traveled areas to stop people and request their cooperation in the project. When the project is completed on December 1, the material gathered will be combined and published in booklet form for the benefit of government agencies and industry seekers.

## Dorsey Awards Safety Savings

Five lucky employees of Dorsey Trailers share \$355!

During the months of July, August and September, 1979, Dorsey's Elba plant deposited \$5.00 in a Safety Bank for each day worked without a lost-time injury. A lost-time injury is any on-the-job injury which causes an employee to lose one or more days from his job at Dorsey.

A random drawing was conducted on Monday, October 1, and five lucky employees

received \$73 each, in one dollar bills withdrawn from the "Safety Bank." The money was presented by Bob Jones, new Manager of Safety.

The lucky winners were: Bobby Mock, Electrical Maintenance; Raymond Chamblee, Reefer Lining; T. J. Nelson, Fabrication; Kenneth Kidd - Suspension Department; Ray Brown - Fifth Wheel

Department. These employees are shown in the accompanying photograph, with Jones making the presentation.

This "Safety Bank" is one part of the new formal in-depth safety program instituted at Dorsey in recent months. The purpose of this safety program is to reduce serious injuries and to stimulate a safety attitude in the employees of Dorsey.

## New Jail Ordered For East Coffee

The Coffee County Commission has been given 90 days to come up with a plan for building a jail in Enterprise. The court order mandating this action was issued by Circuit Judge Walter E. Gamble in the

case of B. Z. Reynolds, et al. vs. Coffee County Commission. The order, issued September 28, noted "the defendants in their answer admit their responsibility to erect such jail." The order

further quoted the defendants (actually the defendants' lawyers) as saying, "One person interviewed after the order was released noted that with these admissions, there was no other way any judge could have ruled. He explained that when a charge is made in a case and admitted by the defense then it is assumed to be the fact, therefore the ruling to build a jail in Enterprise and to come up with a plan of action within 90 days.

The order mandated "that the Defendants (commissioners) are under a legal duty to erect and maintain a safe and suitable jail for persons held for or convicted by the Circuit Court of Coffee County at Enterprise, and to take the necessary action to cause said jail to be constructed and maintained."

Court testimony that the county didn't have the necessary funds to build or maintain a jail in Enterprise, "is a defense to the extent only that such funds are not immediately available."

## Band To March In Midfield

The Elba Tiger Marching Band will travel to Midfield on Saturday of this week to participate in a marching contest. This is the first competition of the year for the Elba band and the first ever under the direction of Bandmaster Steve Thompson.

Thompson reports the Elba band is scheduled to perform at 3 p.m. Saturday and the entire event should be over by 9 p.m.

## One Car Accident Puts Man In Hospital

A one-car accident late Saturday night sent the driver of this automobile to the Elba hospital on a Elba Rescue Squad unit. James Dodson was driving North on Highway 125

(Brundidge Highway) near the Whitewater Baptist Church when he apparently lost control. Tire marks and statements of residents of the area indicate he lost control and ran

off the road on the left side near the cemetery, came back on the road and ended up in the ditch on the right side. The accident was investigated by the Alabama Highway Patrol.

OCTOBER

POOR ORIGINAL

## BRAINSTORMS

WITH FERRIN COX

This is the 100th anniversary of the electric light bulb. Thomas Edison invented the first workable light bulb and it had a life of 40 hours. It is hard to believe that just a short hundred years ago, we got our first workable electric light. . . think of all the many things we now enjoy that are dependent on this and other inventions of Tom Edison. (We stopped here and checked another source to be sure it had been only 100 years since Edison invented the first practical light bulb. . . it is hard to believe.)

We do enjoy eating - there is no question of that. However, a well-intending friend offered to include us in a chitlin' supper, and we were forced to decline. Now, we have eaten many squirrels, coons, etc. and many cans of potted meat, but chitlin's and rabbits stop us cold. The smell of them cooking is enough to send us into the next county. If someone could come up with a way to keep that ole big wash pot from giving off the traditional smell of the cooking chitlin's, then we might be tempted to join the party and swap some war stories.

A survey by a Montgomery newspaper shows that 47% of the people polled thought the state should come to the aid of school systems who have overspent and have borrowed all they can borrow. Well, we are not too concerned with surveys or polls, 'cause they can be made to suit anyone. We had another of a long string of meetings to attend. By the time we got home, the news commentators were repeating the few highlights of the talk, and the political opponents were telling us what was wrong about the talk. . . so I didn't miss a thing, except the football game.

There is no need to worry about the Russian troops in Cuba. . . Jimmy said so! We didn't listen to the president on the tube Monday night, for two reasons: first, we didn't expect any earth-shattering news, and second, we had another of a long string of meetings to attend. By the time we got home, the news commentators were repeating the few highlights of the talk, and the political opponents were telling us what was wrong about the talk. . . so I didn't miss a thing, except the football game.

Speaking of football. . . my hometown of Florala won a game against Evergreen, in Evergreen, because the Evergreen quarterback was so good; he fooled the officials on a fake handoff and a quick whistle called back his touchdown run. Now they are fussing up there, but to no avail. We have had the same type thing here, but the rules are the rules, and they read that the official's whistle stops the play. There is no doubt in my mind that no one hates the action any more than the official that blew the whistle.

We understand - no, WE ARE - getting a lot of complaints about the county plan for garbage pickup. The \$4.50 charge that is mandatory has upset a bunch of folks. The amusing thing to this writer is that it appears the charge was never approved in an open meeting of the commission. It was discussed when the commissioners were meeting to discuss the budget, but the minutes didn't reflect these. . . well, these chance meetings. We are not laughing with the commissioners this time - we are laughing AT them! We are a lone voice complaining about their off-the-record meetings, and make these decisions out of the public light, and there they go caught. If they don't come back and approve the charges in an open meeting, then there is no way they can enforce the charges. . . that is the way we see it.

## Letter To The Editor

Dear Ferrin,  
This is in response to a letter and editorial that appeared in last Sunday's Enterprise Ledger.

My concern is that the people of Elba will be somewhat misled by this article. In his editorial Mr. Schofield tries to leave the impression that the people of New Brockton have all joined forces with him so that no one would be misled.

and his one courthouse committee. Nothing could be further from the truth. Granted, twenty-eight people signed the letter that was published. I do not know exactly where it had its origin. One can only speculate about that. But you can be sure it is not the desires of most of the people in New Brockton.

My only intention in this was to make this one point so that no one would be misled.

### LETTER TO THE EDITOR

Dear Editor:  
The Luverne Fire Department and Rescue Unit while enroute to a Enterprise hospital on September 22, 1979, had a tire blow. Mr. Charles Cox of Cox Union 76 Service Station came to our rescue, repaired the tire at no cost to us and sent us on our way with very few minutes lost. We were transporting a possible heart attack victim and every minute counted.

People such as Mr. Cox make it worthwhile to rescue the people of our counties. We thought you ought to know.

Yours truly,

### LETTER TO THE EDITOR

NOTE: THE ORIGINAL LETTER WAS SENT TO THE PROBATE JUDGE AND COPIES SENT TO VARIOUS NEWS MEDIA INCLUDING THE NEWS-PAPER.

September 26, 1979

Probate Judge James Sawyer  
Coffee County Courthouse  
Elba, Alabama

Dear Judge Sawyer:

On September 10th, the County Commission met to discuss a threatened indictment of commission members by the Elba Division of the Coffee County Commission if improvements weren't made at the County Courthouse and Jail.

During this discussion, Sheriff Bryce Paul made erroneous and damaging statements about WSPA-TV's news product and reporter, Chris Grimshaw. He charged that we showed report "not anywhere near the truth," specifically alleging that we used film six months old. Further, he charged we showed a hole in a roof before it was painted; that we showed an off-duty jailer, and he accused reporter Grimshaw of slanting the truth in the report.

The film-ALL the film-in that story was shot on the day the report aired. The report did NOT show any jailers, on or off duty. The report did NOT show any holes in any roof, and the story was not slanted. The proof (i.e., the report itself) that the Sheriff's charges were totally unsubstantiated is available in our offices.

We have made every effort to show both the report and the raw footage in question to Sheriff Paul. To date, he has not responded to our offer-an offer, incidentally, that we extend to any interested member of the Commission.

A news organization's credibility is its stock in trade. We strongly feel that Sheriff Paul, in his unfounded public statement, has damaged ours in the Coffee County area, and want to set the record straight.

At the very least, the Sheriff owes this organization and the reporter Grimshaw a public apology.

Sincerely,

Skip Haley  
News Director

In response to the letter, Sheriff Bryce Paul stated, "Evidently, I did make a mistake and I will send Mr. Grimshaw a written apology. I had two tv sets on the night in question and apparently got confused on which station used the old film. However, I was not confused on what I saw." I planned to go to Montgomery to view the film on four (4) separate occasions. I added Sheriff Paul, "but each time something came up that prevented it. I regret the incident and do apologize to Mr. Grimshaw."

At a meeting of the Board of Directors of the FMX, the Directors voted to recommend the approval of such merger by the members of the FMX. A summary of the material features of the Plan is set forth below.

There appear below or adjacent to this Notice copies of the most recent annual balance sheet and annual profit and loss statement of each of the merging corporations.

By Order of the Board of Directors

/s/ Eric Wilson  
Secretary  
Dated: 9-26-79

## PLAN SUMMARY

1. The agreement of merger provides that the FMX will be merged into Gold Kist Inc. and that Gold Kist Inc. will continue as the surviving corporation under its present charter and by-laws and with its present capitalization. Following the merger, Gold Kist Inc. will own all of the assets of the FMX and will have assumed all liabilities and certain obligations of the FMX.

2. Gold Kist, as of the Effective date of the merger, will establish on its books allocated reserves of Gold Kist in the name and for the account of the FMX patrons in an aggregate amount by which the book value of the FMX assets exceeds the sum of the:

a) FMX non-equity liabilities as designated in the FMX financial records and  
b) Investment and Patrons Refund Certificate obligations of the FMX

up to an aggregate amount equal to the allocated reserves of the FMX as of the end of its most recent fiscal year, adjusted to show changes, if any, for that portion of the fiscal year ending on the merger effective date.

3. The newly established Gold Kist allocated reserves, if any, will be allocated to each such patron pro rata on the basis of such patron's share of the allocated reserves of the FMX and for the same years as recorded on the FMX books and will be subject to a two year escrow holding period.

4. Gold Kist will assume the FMX obligations for the FMX Investment and Patrons Refund Certificates subject to the Certificate's stated terms and conditions.

5. Completion of the merger is subject to approval by the Gold Kist Board of Directors.

6. If the plan of merger is effected, patrons having equity in the FMX who dissent therefrom are entitled, if they file a written objection to such plan before the vote of the members is taken thereon and complete the provisions of Ala. Code §10-2-189, regarding the rights of dissenters, to be paid the fair value of their equity in the FMX.

List Of Eligible Voters Is Posted For ASC Elections

A list of names of all known eligible persons to receive ballots in the upcoming annual committee election is available in the county ASC office, reports Robert English, Chairman of the Agricultural Stabilization and Conservation (ASC) Committee.

An agency of the U.S. Department of Agriculture, is responsible for farm program administration. On the local level, ASCS operates under a farm-elected committee system.

This year's elections will be by mail ballot between November 23 and December 3.

Anyone who meets the following requirements is eligible to vote in these farmer committee elections: any individual of legal voting age with an interest in a farm as owner, tenant or shareholder in any eligible farm.

Several general provisions related to ASC voter eligibility. A wife who operates a farm with her husband can vote if her name is on the deed of conveyance. Any person under 18 years of age can vote if he or she is a farm, and legal guardian who runs a farm for a child can vote for the child.

No person can be denied the right to vote because of race, sex, color, religion or national origin.

A person may cast a ballot in any county in which he or she is an eligible ASC voter, but he or she cannot vote in more than one community in the county. If an eligible voter has separate farm interests in more than one community in the same county, special care will be taken to see that only one ballot is issued to that voter.

Community boundaries Set For ASC Committee Elections

Community boundaries are local administrative areas which help provide farmers with effective farm program administration. According to English, these areas are reviewed yearly to determine whether boundary changes would benefit farmers.

A list of communities, a boundary map, and the number of farms within each community are available to the public at the ASCS office in New Brockton.

The ASC communities in Coffee County are as follows:

Community A, composed of beats 1 & 18;  
Community B, composed of beats 3, 4, 5, & 15;  
Community C, composed of beats 6, 7, 8, & 22;  
Community D, composed of beats 9 & 12;  
Community E, composed of beats 10 & 11;  
Community F, composed of beats 13 & 14;  
Community G, composed of beats 15, 16 & 23;  
Community H, composed of beats 17, 18 & 24;  
Community I, composed of beats 19, 20 & 21;  
Community J, composed of beats 22, 23 & 24.

County ASC committee review of community boundaries is one of the first steps in administering the annual ASC farm committee elections.

Other actions concerning the upcoming election will be announced as they occur. Participation in ASC elections is open to all eligible farmers regardless of race, religion, sex, color, or national origin.

Robert English, chairperson of the Agricultural Stabilization and Conservation (ASC) committee, reminds beef producers and other interested persons that they still have until October 9 to submit comments on the proposed amendments to beef referendum regulations.

Under the Beef Research and Information Act, beef producers may vote on whether to authorize a national program to assess themselves a fixed amount from each cattle sale to be used for research and promotional purposes. The amendments would not obligate the Secretary of Agriculture to hold a referendum.

According to English, the proposal provides that producers vote by secret ballot. The registration and voting periods would be 4 instead of 12. The time would be reduced for challenging a producer's eligibility to register and vote, and also for the co-ASC executive director to make a determination on the challenges.

Persons interested in expressing their opinions on the proposal should mail their comments to the Hearing Clerk, U.S. Department of Agriculture, Washington, D.C. 20250. Additional information on beef referendum regulations may be obtained from Robert Cook, Emergency and Indemnity Programs Division, ASCS, USDA, Room 4095-A, Washington, D.C. 20013, phone 202/447-7997.

SAFETY I am proud of the fact that I have not heard of any serious farm-related accidents so far in the harvesting season in Coffee County. However, the hunting season begins in a few days. If you have young people who will be hunting for the first time, be sure to caution them to treat a gun exactly as they would a loaded stick of dynamite.

Teach your children to never crank off and point a gun at anybody. Of course, all guns should be unloaded before you get set for trucks, cars or any kind of building. Be sure to unload your gun if you are crossing a fence or jumping a ditch.

4-H CLUB ORGANIZATION Extension Agents Jack Tatum and Angela Hughes are working diligently with principals, teachers and local leaders in the county this week. They will be organizing 4-H Clubs and electing training officers. The 1800 4-H Club members in Coffee County have a lot of work forward to this year. They will have the opportunity to learn helpful things as they meet each month.

Those of us in the Extension office appreciate the superb cooperation of the school principals, teachers, leaders and other services who make 4-H possible.

### Go For It.....

Volleyball at Zion Chapel? Well, until a couple of years ago, there was no such thing as volleyball outside of playing it during the physical education hour.

Today, the girls have a volleyball team that is high in spirit and attitude as well as low on the floor. (They finally learned to dive on hardwood floors pretty well). The team consists of girls from 10-12 who are energetic, tough, and ready to win or lose with their heads held high with pride.

The team made up of not only a group of athletic girls, but also of one man who is willing to devote his time and talent to working with them and helping to develop their athletic skills. That man is Coach Mike Lindsey. He practices with the team almost every day, a couple of hours each practice.

The team thinks that it's a lot of hard work but when you walk off a volleyball court saving time, you know that it is all worthwhile.

### Aides At Zion Chapel Elementary

The Zion Chapel Elementary School has two aides, one for kindergarten and one for P.E.

Most of us know Mrs. Reda Sheffield as a substitute teacher for eight years but for the past two years she has been a kindergarten aide.

Her day consists of taking the children to breakfast and lunch, out to play, reading a story, and helping the teacher with anything that needs doing.

The P.E. aide is Mrs. Janet Dyess. This is her first year at Zion Chapel. Mrs. Dyess graduated in June from Troy State University. To begin the day she is a general aide for all teachers but most of her day is for P.E. grades 1-6. She also has the 6th grade for spelling, handwriting, art, and music. These classes are rotated two days for spelling and one each for the other subjects.

Mrs. Sheffield and Mrs. Dyess are here to help our teachers give each student more individual attention.

Zion Chapel Aides Mrs. Reda Sheffield and Mrs. Janet Dyess.

### Two Cheerleaders Selected To Be Counselors

Two Zion Chapel High School Cheerleaders were selected to be counselors at the YMCA Clinic at the Montgomery "Y" Camp August 19 through August 25.

Melanie Sanders and Lisa Ammons along with cheerleaders from Sidney Lanier, Jeff Davis, and other high schools in Montgomery assisted Nancy Caubert, Director of Youth Activities. Lisa and Melanie directed instructional classes in cheerleading and pom-pom routines. Other classes were offered in tumbling and marching.

Not all the girls time was spent cheering and learning routines. There was plenty of time for swimming, boating and just lying in the sun. Night activities included a marsh-mello roast, a talent night, a movie night and a special awards night. It was a week of hard work and fun but most remembered are the friends that were made.

### Teacher Spotlight

One of the many new faces at Zion Chapel this year is Glenn Reeder. A talented math teacher, Mr. Reeder has had experience in the field of education having worked on the Coffee County Board of Education and as Principal at New Hope Junior High.

Before Mr. Reeder's experience in education began, he served in the Army for 23 years. Because of his years in the military he has had the opportunity to travel to many different countries.

Mr. Reeder said his wife, Eloise, have a daughter named Gay, and a son named Steven.

### Pond Becomes Practice Field

BY KATHY SAWYER

Most of you probably remember the pond that at one time was located behind the Zion Chapel. It was drained in 1977 at the beginning of the school year. The explanation of this was a health and safety hazard.

The school patrons of Zion Chapel decided to use this space usefully instead of letting it lie idle. Hopefully this location will not only serve as a practice area for the football team, but also as a recreational locale, hosting a court. The County Commission, who is providing funds for the practice field, hopes that it will be finished by next fall. We hope this project proves worthwhile for all those involved.

### Junior Team Wins

KIM LEVERETT

Zion Chapel's Junior football team got its first victory Tuesday night at Zion Chapel. They defeated previously undefeated Trinity 8-6 in a driving rain.

All of the scoring came in the second quarter when Trinity struck first blood. A fourth down play resulted in a touchdown for Zion Chapel. The score was 6-0. Zion Chapel followed suit when Don Senn scored on a short blast up the middle. Kenneth Sanders scored the two-point conversion and the score was 8-6 where it remained until the gun sounded.

Zion Chapel's record is now 1-1 and Trinity stands at 2-1. Congratulations! Rebels, keep up the good work.

### Football Program Has Volunteer Help

BY BOYD DEAL

Zion Chapel has two assistant coaches that give their time to the Rebel football team and Coach David Collins. One of these young men is Jeff Kelley. He has a job here at school taking care of the football team. He also drives to New Brockton to take the students to the Vocational School. Jeff goes to Fort Rucker for night classes. He gave up going to Troy State so he could help us this year.

The other coach is Kevin Stiner. He is a student at Troy State. He is on the weight team and track team. He throws the hammer on the track team.

This is the first year for Kevin to help us. Neither one of these men get paid a dime to help us. We just want to say thank you Coaches for giving your time to help us, the 79-80 football team.

TEN YEARS AGO OCTOBER 2, 1969

\*\*\*Miss Libby LeEtta Kimbro has been appointed officer in charge (postmaster) at the Kinston post office, the position vacated when W. L. Stephens retired September 30. Miss Kimbro took over her duties Tuesday afternoon, September 30.

\*\*\*Miss Christina Cooper was crowned Miss Elba last Thursday night at the annual pageant. Runners-up were Miss Jennifer Taylor and Miss Debbie Hinson.

\*\*\*Miss Beverly Hornaby was crowned Miss New Brockton last Thursday night, and Nancy Lynn Moore was crowned Little Miss New Elba.

\*\*\*Homecoming queen at Elba High School was Miss Emily Burdick; attendees were Kathy Bowers and Christine Cooper.

\*\*\*Seniors are captains at Friday night's game with Brundidge. They are: Don Taylor, Daniel Stephens, Clark Bragg, Mike Reeves, Larry Wambles, Billy Binbo, Buddy Foreman, Roy Miller, and Larry Smart.

\*\*\*Mrs. Bonnie Taylor has just returned from visiting her daughters, Annette Farris in Dallas, Texas; Jean Payne, Farrell in Cleveland, Ohio; and Frances Bannion in Westchester, Pennsylvania. The trip, which took her through 22 states, was made by the Elba. She continued to Montgomery recently by plane.

\*\*\*The Elba Chapter #531 of the American Association of Retired Persons received its charter from the National Organization in ceremonies at 11:00 a.m., September 23, at the Elba Chapter. Members and guests turned the meeting over to the program chairman, Mrs. Ola Kendrick, who announced the program. Mrs. Mae Bryan led in the pledge to the flag.

\*\*\*A girls chorus has been formed at New Brockton High School and will be under the direction of Mrs. Max Hayes. Member are: Linda Brunson, Bobbie Caylor, Jane Clark, Thomas, Elba R. \*\*\*Mr. and Mrs. Guy Folson have transformed the old Jack Lee home on West Simmons Street into one of the prettiest in the community. The house has been thoroughly overhauled, painted and redecorated inside and out. All the seven rooms have been re-papered, floors waxed and

### PORTY Y.E. AGO OCTOBER 2, 1939

\*\*\*How long do house cats usually live? This question was asked the Elba Clipper Tuesday by W. M. Reddock, who also stated that his faithful mouser cat died Monday at the ripe old age of 23 years. This cat was just an ordinary house cat who lost all her teeth several years ago, and lately had lived on milk and raw meat. Mr. Reddock stated that she was a kitten just three weeks of age when his son, Fred, was born on October 2, 1916.

\*\*\*A lovely compliment to Mr. and Mrs. Louis Deal was a dinner at which Mr. and Mrs. T. H. Deal entertained on Sunday. It was also the birthday of the groom. Guests included Mr. and Mrs. Harold Deal and young daughter, Rosa, Mr. and Mrs. Roscoe Deal, and the bride, Mrs. Deal, who was actually decorated for the occasion with pink roses and coral vine.

\*\*\*On Sunday, October 1, Mr. and Mrs. T. H. Deal celebrated their 23rd wedding anniversary with a delicious dinner which everyone enjoyed so much. Those present were: Mr. and Mrs. T. H. Deal, Mr. and Mrs. Rufus Maddox and daughter, Dorcas, Mr. and Mrs. Jesse Brooks and family, Mr. Dewey Brooks and daughter, Dorcas, Mr. and Mrs. Rufus Maddox and daughter, Dorcas, Mr. and Mrs. Jesse Brooks and family, Mr. Dewey Brooks and daughter, Dorcas, Mr. and Mrs. Rufus Maddox and daughter, Dorcas.

\*\*\*On September 28, the Victoria girls 4-H Club met with Miss Matthews and Miss Kelley. The lesson was on designing of clothes. Mrs. Fannie Kelley, assistant home ec. teacher, helped with the lesson. The club elected officers as follows: President-Voncie Bragg; Vice-President-O'Dean Hurston; Treasurer-Donna Bragg; Secretary-Donna Bragg; Local Leader-Mrs. Oria Kelley.

"Antigone" At ESJC

Nina Nall, a senior from Enterprise and a veteran Troy State University actress, will play the lead role in the TSU production of ANTIGONE at Enterprise High School auditorium at 7:30 p.m. Tuesday, October 16, 1979 according to Dr. Imogene Mixson, chairman, Enterprise State Junior College Literary Committee, sponsor of the play.

Nina Nall will perform as Antigone. She has won unprecedented three major acting awards at Troy State for roles in Plunkie by William Inge, Cymbeline and a new play, The Demonstration of Theron Ware, by Fred Brokensage.

Tickets for the performance will be on sale at ESJC. Tickets for the performance will be on sale at ESJC. Tickets for the performance will be on sale at ESJC.

The largest and grandest of the grand pianos, made in 1825 by a London company, weighed 3.3 tons and measured 11 feet, eight inches in length.

## Historical Society Needs Help With Old Places

Identification and research of historical sites, places and things in Coffee County is the goal of the Historical and Genealogical Society in cooperation with the Southeast Alabama Regional Planning and Development Commission of Dothan is progressing nicely, according to members of the Society.

Several people throughout the county - Mr. John Lowery, Mrs. Anita Archie of Kinston, Mrs. Maude Windham of Enterprise and Mrs. Nehaeta Gavins of Enterprise - have identified buildings and things that possibly may be considered historical, and have done the preliminary research on these.

Some of the places and things people have identified as possible historical sites are the "Pore House" in Elba; the hydro-electric plant and dam below Elba; Shiloh Church on Enterprise-Rocky Road, the first black school academy in Enterprise; Harrison Cemetery in Enterprise; and the old high school in the county still standing, and others.

There are many other sites that possibly can be included as historic. Anyone knowing of these places may call Mrs. Margaret Hamilton at 347-8064, Mr. James B. Jolley at 347-6147, or Mr. Martin Brunson, 897-5483. Volunteers are needed to help research these places, do research and gather material on places that have been identified.

Copies of all material will be in the Society files in its headquarters, and will be available for research in the future.

B.F. Garth is president.

### PASTOR'S CORNER

REV. C. L. DYESS  
PASTOR ELBA CHURCH OF GOD

We are constantly reminded by our water safety personnel to wear a life preserver while riding in a boat. There are several types of preservers recommended. Some you wear and others are used as cushions. These warnings are given for the safety of all who participate in boating.

Being the father of three sons and three daughters, I was always reminding them to make sure they wore their preservers. One day the boys, to the detriment of my wife, went fishing trip, three in one boat and two in another. After checking all safety equipment, we headed up the river to our favorite fishing spot. We had made sure everyone had a preserver, but because of the hard seats we had elected to sit on them. Everything was going fine and we would hardly wait until we were sitting at our favorite spot.

Though all was going well this was an unseen object that was to make its appearance. Sitting on the front seat, I suddenly saw that we were about to hit a submerged stump head on. Screaming out loud, I saw the boat hit the stump, causing the boat to make a 90 degree turn, at which time I was thrown about ten feet forward into the river.

I found myself swimming for my life, without the preserver for it was left in the boat. It made a good cushion but had not served the purpose for which it had been designed. Not that it was faulty but because I had used it wrong.

Within most homes, one can find a Bible, the Word of God, that describes how men should live in order to be saved. However in many instances it serves as a show piece, or a dust catcher, and in many instances is completely ignored. God left His Word for all men to read and to hear what it had to say. Complete instruction is given within the Bible but like the preserver man ignores these instructions. The scriptures say that, "All scripture is given by inspiration of God, 2 Tim. 3:16." Man is commanded of God to "Search the scriptures; for in them you think ye have eternal life, and they are they which testify of me." "And ye will not come to me, that ye might have life."

Like the preserver the Word is no longer taken seriously for everything seems to be going along fine, but some day man will be meeting God face to face. If His Word

BLEED THROUGH

## Views From The Pressbox

By: Ricky Mulvan Sports Editor

A lot of people were afraid the Elba Tigers would have a letdown last week after the narrow 21-20 loss to Opp, and possibly let Dale County pull another upset. Well, obviously, they were wrong! The Tigers rolled up 49 points, and could have had even more if they'd not bogged down 3 times in the first half deep in Dale County territory. In the second half, the dozing Elba defense woke up and returned to their aggressive style of play in holding the Warriors to only 20 yards in total offense.

The game was filled with outstanding individual performances, but the part that caught my eye was the running of Alan King. King, who hadn't really run the ball that much all year, decided it was time to take some pressure off Don Horstead and ran for 81 yards in 11 carries. Alan did 21 yards while attempting to pass, so he actually ran for 103 yards in 7 attempts. If Alan can prove himself as a good running quarterback, the opposing teams will not be able to key on Don on option plays. When that happens, look out!

I am the official statistician for Elba High School, and I thought you'd like to know that Don Horstead is running ahead of last year's record pace. Don has rushed for 752 yards in the opening 5 games this season, while last year at this time he had gained 687 yards. Yeah, Don is better than ever!

I know that Greenville is a long way up the road, but I want the Elba fans to make the trip and support the team. Greenville is not real strong this year, but they have a good team and will be fired up for a win. We know we have a good club, and we deserve a good crowd at every game. Come on folks, drive to Greenville and cheer for our team.

(By the way, my girl friend's grandmother is a lifelong resident of Greenville, but come this Friday night, she'll have an Elba Victory banner and will be pulling for the Tigers.)

Coach Leavy Boutwell's New Brockton Gamecocks have that town on "Cloud 9" after rolling to five straight wins. The most wins ever for the Gamecocks in football is five, and this year's team seems ready to make a run at a perfect 10-0 record. Coach Boutwell and his young men have worked hard all year and deserve a pat on the back and a handshake from football fans everywhere. Congratulations on 5 wins, and good luck on making it 6 more!

This is a big week for the people up at Zion Chapel, because if they win, they will wrap up a state playoff berth. The Rebels have a solid team with dedicated players and a good coach who will work just as hard as his young men. Zion has one of the top 1A teams in the state, and I'll ask the Polish Prognosticator to ask the Pope to put in a good word for 'em this week. Get 'em, Rebel!

Last week's prep football results didn't surprise many folks, but I jotted down a few notes anyway. Here goes . . .

\*\*\*Andalusia got back on the winning track with a 21-0 blanking of Demopolis, and the Dogs are as tough as ever;

\*\*\*Eufaula played their first 3A team of the season and demolished Brundidge 42-0. Looks like they could make it two state titles in a row.

\*\*\*Evergreen lost to Florida 13-6, and had a touchdown called back when a ref got fooled on a handoff and blew the play dead while the quarterback was running down the field with the ball.

\*\*\*Jeff Davis saw its winning streak snapped by Lee of Huntsville 21-15, and I guess the Vols are crying worse than ever.

\*\*\*Finally, the George Washington Junior High B team posted a lopsided 30-0 win over Bellamy, and while it may mean nothing to you, it was a big win for me because my younger brother, Randy, is the coach, and the win put them in 2nd place in the Montgomery Junior High Conference.

The Marching Tiger band will travel up to Midfield this weekend to compete in a high school marching contest, and if it's a win in time, I'll be going to cover the trip for the Clipper. The Elba band has never earned anything but a "Superior" rating, and I'm looking for the same this weekend. Good luck!

Ye ole Polish Prognosticator hit on 22 of 27 picks last week, and while that's not bad, I'm hoping to do better this week. Here is what the crystal ball has to say . . .

**ELBA vs. GREENVILLE**  
It's homecoming for Coach Wood, and I'm sure he wants to claim a big win at his "Alma Mater." I think the Tigers will give him one!

**ZION CHAPEL vs. ARTON**  
This one's for all the marbles, and I know the Rebels will be fired up. However, the Purple Cats are tough, and this game will go down to the wire!

**Zion Chapel 3 Artton 0**

**NEW BROCKTON vs. FREEPORT**  
The boys in Florida will be ready to get revenge after the fiasco in Kinston, and should be fired up! Brockton should be able to move the ball, but Freeport's passing may be the difference!

**Freeport 28 New Brockton 27**

## Racking Horse

## Show Set For

Elba On Oct. 13

The Elba Jaycees will sponsor the first annual Deep South Racking Horse Association Show on Saturday, October 13, at 5:00 p.m., at the Elba Recreation Center.

Admission will be \$2 for adults and \$1 for students, with children under six admitted free.

The show will consist of 15 classes:

1. Amateur owned and trained
2. Juvenile
3. Flat shod (open)
4. Show Pleasure
5. Style (open shod)
6. 15.2 and under
7. Aged stallions and geldings
8. Aged mares
9. Men's racking
10. Four-year-old
11. Ladies racking
12. Three-year-old
13. Speed (open)
14. 10-year-old, and
15. Championship

Entry fee for classes 1-14 is \$8, while in Class 15, the entry fee is \$20. Ribbons and prize money will be awarded.

Making a special appearance at the show will be World Champion "Beau's Magic Black," owned by Elba's Pete Dorsey.

**Houston Academy**  
Wraps Up Playoff

The prep football season in Alabama is only half over, but for several teams the season is already a success! These teams are celebrating because they've already clinched berths in post-season playoffs.

In Class A, Houston Academy owns a 3-1 record and has wrapped up the Area 5 championship, while one more Area win will also put Goodwater on the Area 9 throne.

Carrollton is already the champs in Area 13, while Gaston needs one more area win to claim the Area 12 crown.

In Class 2A, J. F. Shields has all but clinched the Area 2 crown, and Elmore County (Elect) has wrapped up the Area 5 crown. Talladega County is one area win away from the Area 8 title.

In Class 3A, T. R. Miller has apparently claimed another Area 2 crown, while in Area 6, Southside has a leg up on a crown.

**Brantley**  
Homecoming

This Week

All members of the Brantley High School Alumni Association and their families, former faculty members, and friends are urged to attend Homecoming at BHS on Oct. 5, 1979. The BHS Alumni Association is an active organization working each year through dues and donations, for the improvement of the high school library.

The Homecoming activities begin with a parade on Friday, Oct. 5, at 1:00 p.m. Registration and an informal get-together of alumni will be at 4:00 p.m. in the high school library. A meal will be served for \$2.50 a plate in the school cafeteria from 4:30 p.m.-6:30 p.m. The football game between Brantley and Goshen will begin at 7:30 p.m.

## New Greenville Coach Feels Confident About Upcoming Game With Elba

Greenville's Coach William Yancey, who took over the head football coach's job after the third game of the season, is looking forward to this week's game with Elba, and states: "We feel we can win."

Coach Yancey's optimism is hard to figure out, because Greenville has an 0-5 record, and has scored only 6 points all season, with those coming in a 42-6 loss to T.R. Miller.

"We'll have some injured players back this week," said Yancey, "and we should look a lot better. We're in a rebuilding year, and if we can survive, we should be okay next year. Of the 35 kids we have, only 2 are seniors, so you can't be young. We start 4

freshmen on both offense and defense, and it's just going to take time to get their feet on the ground."

"Offensively," added Coach Yancey, "we run out of an I, and a split backfield, and we're working hard on our passing game. We are going to put the ball in the air to keep folks off our young linemen. We haven't scored much, but we have been able to move the ball. We simply make too many mistakes when we get down close. On defense, we are real young, but we've got good size, and our defense has been keeping us in the game. Nobody has blown us out!"

"We've got some kids coming off injuries," said Coach Yancey, "and we're looking for a good game."

However, if the injured people come back, they will be good, and their best trademark is their consistency. They have a game-breaker in Horstead, but also have a real good fullback and a good passing quarterback. Overall, we did have a good game, and were aggressive."

"For us to win," added Wood, "we'll have to pick up where we left off last week. We were aggressive on both offense and defense late in the game, and that was due to teamwork. When we play as a team, we're okay. We will not do anything fancy, but will try to do what we do well. I'm looking for a good effort from our whole team."

"Greenville is in a rebuilding year," agreed Elba's Coach Mack Wood, "and they've got some young folks."

Looking back to the 49-7 win over Dale County, Coach Wood stated, "We played better on offense across the front, and our younger boys did a good job on both offense and defense. Overall, we did have a good game, and were aggressive."

Drawing praise from Coach Wood were Greg Hudson, Glen Johnson, Danny Basley, Mark Davis, David Suley, Mason Morrow, Alan King, Bobby English and Don Horstead on offense; and Bobby Hall, Stewart Bane, Jamie Hudson, Doug Daniels, Phil Hayes, Mark Clark, Eddie Coleman, Mike Harrison, Troy Brown, Todd Westbrook and Chris West.

Elba quarterback Alan King (12) dives for extra yardage after being upended by a Warrior defender.

FUMBLE! A Dale County kick returner lost the handle of this kick after a meeting with an Elba defender. Making the recovery was Alvin Jones (45).

## Tigers Explode In 2nd Half To Bury Dale County 49-7

Mark Clark (65), Mike Harrelson (41) and Jamie Hudson (70) stop Dale County cold.

Eddie Coleman (85) stops a Warrior runner for no gain.

The Elba Tigers broke loose for 42 points in the second half last Friday night to post a big 49-7 homecoming victory over the Dale County Warriors.

The win upped Elba's record 4-1, while the loss dropped the Warriors state tie to 1-3. Dale County received the opening kick, but failed to move and were forced to punt. Elba took over on their 32-yardline and in only 8 plays marched in for a score. Alan King passed to Danny Basley for a 13-yard gain on first down, and from there the Tigers kept it on the ground. Bobby English picked up 33 yards on the march, but it was qb Alan King who notched the score on a 9-yard run. King added the extra-point to put Elba ahead 7-0 with 7:42 left in the opening stanza.

Dale County fumbled on their second play following the ensuing kick, and Elba's Mark Clark recovered to put the Tigers in business at the Warriors' 42-yardline. Four running plays left Elba with a first down and goal at the 4, but the Tigers couldn't push it over and turned the ball over on downs way back on the 25-yardline. The goal line stand seemed to fire up the Warriors, who drove 75-yards to tie the score at 7-7. The drive took 13-plays and was climaxed by a 2-yard run by Mike Anderson

on a crucial fourth down play. Alan Tidwell added the extra-point to tie the game at 7-7 with 11:00 left in the half. Elba fumbled the ensuing kickoff, giving Dale County the ball on the Tigers' 17-yardline, but a big defensive play by Eddie Coleman on third down stopped the threat, and Tidwell's 42-yard field goal attempt fell far short. Elba began a march from the 20-yardline that carried to the Dale County nine, only to come away empty-handed when Alan King had a pass intercepted. The Tigers had another chance to score late in the 12-yardline, only to again bog down and fail to score. At halftime, the over-flow homecoming crowd had little to feel good about as the score stood at 7-7.

The Tigers received the second half kick and began to move upfield, only to lose a fumble at their 46-yardline. Dale County couldn't muster any offense, but did back the Tigers' up when Alan Tidwell's punt was downed on the 8-yardline. Don Horstead got 2-yards on first down, followed by a 1-yard run by English. Horstead again got the call on third down, and this time found running room as he sprinted 89-yards for a touchdown! The extra-point failed, but with 6:45 left in the third quarter Elba was back on top

13-7. The Warriors couldn't find the handle on the ensuing kick and Elba's speedy Alvin Jones dove on the ball at the 14-yardline to put the Tigers back in scoring territory. The Elba offense was still sputtering, however, and three plays netted only 5-yards. On fourth down, Alan King passed to Danny Basley, who leaped high and deflected the ball into the arms of teammate Todd Westbrook, who walked in for the score. Alan King ran in the two-point conversion, and with 5:19 left in the third quarter Elba had pulled into a 21-7 bulge.

Dale County kept the ball for only two plays on their next possession before Doug Daniels jarred the ball loose from a Warrior runner, and Eddie Coleman recovered on the 12-yardline. The Tigers again had trouble moving the ball, but on a big fourth down play Alan King ran over from 5-yards out, and following King's extra point the Tigers' lead was up to 28-7 with 1:59 left in the third quarter. Dale County punted following their next possession, and the Tigers again marched in for a score. The drive covered 50-yards in 6-plays, with Don Horstead getting the touchdown on a 16-yard run. Alan King added the p.a.t. to up Elba's lead to 35-7 with 10:20 left in the game.

## SENIOR SPOTLIGHT

Mrs. Nell Cooper

Mrs. Cooper

Our Senior Citizen for the first week in October is a spry and strong-minded lady by the name of "Miss" Nell Cooper. Miss Nell is a youthful-looking and acting 92 years "young," and when we say "young," we mean young! One finds it hard to believe that she really is 92 years old!

This is a lady who speaks her mind - she is an interesting and very nice lady to know! Miss Nell was born Nell DeVan Bancroft on February 25, 1887, in Autauga County, Alabama, which is located in Autauga County, the second of nine children born to Walker and Emma Smith Bancroft. Mrs. Bancroft, Miss Nell's mother, was born in Tuskegee, and due to the early deaths of her parents, was adopted by an aunt, Mrs. Ellen Smith, who reared her and sent her to Alabama Confederate Female College in Tuskegee. This institution later became known as Huntingdon, and was moved to Montgomery. Miss Nell later attended ACP and also graduated with a major in music.

About her mother, Miss Nell said, "She was a good woman, a wonderful minister's wife. She filled her place in his life - she made Daddy the man he was! She stood right beside him and helped him in his duties as a minister. Daddy died first and Mama continued serving the Lord in many ways after he passed on." She seems to have been an extraordinary person, doesn't she?

Miss Nell's father, his father and his grandfather were Methodist ministers and belonged to the Alabama-West Florida Conference, so, all in all, Miss Nell herself can count a father, a grandfather

and a great-grandfather who were Methodist ministers.

There were nine Bancroft children - Annie, Bess, Daisy, Emma, Mayme, Julia, Mabel, Miss Nell and Joe. All are deceased, except Mrs. Julia Sego, who lives at Wesley Manor in Dothan; Mrs. Mabel Capel, who makes her home also at the Elba Nursing Home, and with whom we visited a couple of weeks ago in this column; and Joe Bancroft, a retired hospital administrator now living in Jacksonville, Florida.

When asked if the eight sisters and one brother ever fussed and fought, she replied spiritedly, "Of course we did!" and when we asked another dumb question, did their mother spank them, she replied indignantly, "Why, honey, you KNOW she did! She HAD to! We were good children." Well, so much for the dumb questions. Her

Miss Nell is musically inclined, and was quite an accomplished pianist and student of voice. As stated above, she graduated from ACP (later Huntingdon) with a degree in music, and upon her graduation, taught music at the Methodist Children's Home in Selma for several years. She lists music and playing the piano as her hobby. She said, "I played at the Elba Methodist Church until I couldn't see any more and was unable to read the notes. I taught piano at Damascus, Goodman and in Elba. When Bancroft came to practice medicine, he said all his patients told him 'my child took piano lessons from your mother!' I sang in the choir - I sang alto - and Mr. Edmondson (the father of Milton Edmondson and Martha Martin, and whom we visited about 3-4 months ago) led the

singing, and I played the piano most of the time, the majority of the time." And, Sis Inman and Ed Cooper, two of her children, remember a quintet composed of Miss Nell, Mr. Edmondson and the late Terry Kendrick, the late Buster Bryan, and Annie Laurie Bullard, (now Mrs. Phil Crigler), of Panama City, Florida, singing at funerals in different churches around in Elba.

Love beckoned to Miss Nell when the Bancroft family was residing in Brantley, where her father was the Methodist minister. It came in the shape of the town's most eligible bachelor, a man by the name of Mr. Robert Lee Cooper, who was a few years Miss Nell's senior, and, who, at the time, was already a prosperous businessman, having the ownership of a livery stable in Brantley.

Mr. Cooper was originally from around Hartsboro, and on December 15, 1915, Miss Nell DeVan Bancroft was wed to Robert Lee Cooper. They traveled to Montgomery by train and spent their honeymoon at the old Exchange Hotel.

After their marriage, the young couple moved to Clifton, where Mr. Cooper entered the lumber business. Leaving Clifton, they moved to Elba, where Mr. Cooper owned and operated R. L. Cooper Lumber Company.

Upon their arrival in Elba, Mr. Cooper built his bride the big white two-story frame home on W. Buford, across from the Piggy Wiggly, in which Miss Nell still lived until coming to the nursing home September 5, 1979.

Mr. Cooper was serving as mayor of Elba at the time of the disaster which struck Elba in 1929 - the Flood!

Mr. and Mrs. Cooper had four children. They are: Robert Lee Cooper, Jr., who is married to the former Louise Johns of Opp. He is the Elba Postmaster, and Louise is now retired, but will be remembered as the Elba City School superintendent's secretary for many years. They have two children - Robert Lee Cooper III (Bobby), who makes his home in Elba, and Susan, who is a school teacher and whose husband is in real estate in Montgomery. They are the parents of Brian, a six-year-old.

Dr. Bancroft Cooper, a widely-known and loved doctor in Elba, is Miss Nell's second son. He is the father of five children - Conya (Mrs. Chris) Needles, who is a practicing veterinarian in Newport News, Virginia, where she and her husband reside; Major Needles is a graduate of West Point and a career Army officer. He is a former member of the Black Knights, the Army's sky-diving team, and Conya is also an enthusiast of sky-diving; Bancroft, Jr. (Banny), resides in Elba, and is the owner/operator of the Little Beaver store here; Christina (Mrs. Phillip) Brown of Bir-

mingham, is a graduate R.N., who is employed by the Jefferson County Health Department teaching nutrition throughout the county and in the schools. Her husband is employed by Southeastern Bell Telephone Company; Cecilia (Mrs. Regi) Bryan, and Annie Laurie Bullard, (now Mrs. Phil Crigler), of Panama City, Florida, singing at funerals in different churches around in Elba.

University of Alabama, but is now a TV anchorman with station in Charlotte. Betsy Harrison is married to Gary Harrison of Elba, and she is employed as Sales Representative for Conagra, and Gary is Purchasing Agent for Altax in Andalusia. She is the mother of three sons - twin Gavin and Kevin, who are 8th graders at Elba Jr. High School; and Kirby, a 5th grader in the middle school. Gary is the father of two children - Heather, 9, and Chip, 5, who live in Montgomery.

Joel Inman resides in Birmingham, and is principal of Briarwood Christian Jr. High School there; and David Inman, a resident of Gardendale, a suburb of Birmingham, who is an accountant for Century Plaza Mall. He and his wife, the former Susan Slater of Birmingham, are the parents of a son, Jeffrey Scott, who is four years old. Susan works in the purchasing office of Liberty National Insurance Company in Birmingham.

The baby of the family is Edwin ("Ed"). He and his wife, the former Nona Braswell, live in Elba, and Ed is a rural mail carrier. They have three children - Cheryl, a school teacher in Greenville, Georgia; Eddie, deceased; and Tommy, a student at MacArthur Tech in Opp, who is taking Drafting.

Miss Nell's favorite color is yellow, and she said, "Black-eyed peas and chocolate candy are my favorite foods. I love chocolate candy! I made a lot of candy when I was able to cook, and I made date rolls, too." Sis remembers no longer ago than a year when their prayer group met at Miss Nell's home and she would have made prayer for them - at the age of 91! See - we told you you wouldn't believe she is 92, 'cause she doesn't look it or act it!

Hope you enjoyed reading about Miss Nell as much as we enjoyed talking with her. She'd welcome your visit, so

### Card Of Thanks

The family of Mr. Forest W. Parrish, acknowledges with gratitude the many kindnesses extended to the family during our husband and father's illness and death. Our special heartfelt thanks to Sarah Keller, Vera Nell Bragg, Eunice Crawley, Mattie Lou Goodson, and Jeanette

Simmons. Also, Dr. Cooper and the entire staff of Elba General Hospital. May God bless each of you.

## Class Of 49 Holds Party

Members of the Elba High School class of 1949 gathered at the home of Mr. and Mrs. Marion Brunson for a buffet dinner on Saturday night, September 29.

As the classmates and their guests arrived, punch and a variety of snacks were served on the deck. A large arrangement of yellow mums, greenery and a black bow with the message, "Welcome Class of 1949," was used on a pedestal

beside the punch table and added greatly to the occasion. The arrangement which was also used at the class dinner at Elba High School, was compliments of the Elba Exchange Bank.

The buffet dinner was served in the dining room and the 55 classmates and guests who attended enjoyed their meal at tables around the swimming pool and on the deck of the Brunson home.

## 1949 Class Honored By Elba High School

Forty-two members of the Elba High School graduating class of 1949 participated in the school-sponsored activities of the 1979 homecoming on September 28.

Classmates assembled at the Home Economics Department at 1:30 and rode on a flatbed trailer in the homecoming parade. Immediately following the parade, a tea honoring the class was held in the Home Economics Department.

Class members, their guests, school officials, school board members and friends were registered by Mrs. Helen McCollough. A silver punch bowl and trays of party dainties were arranged on the beautifully appointed party table. Mrs. Clara Ann Dyess, and Mrs. Mary Young, a member of the 1949 class, were in charge of the tea, and they were assisted by high school girls in the department.

At 5:30 the class dinner was held in the lunchroom at the high school. Mr. Lamar Foley, principal, was in charge of the arrangements. The invocation was given by Mr. Elmer Taylor, superintendent of Elba City Schools.

The honored class and their husbands and wives were guests of the school at the football game and all were delighted with Elba's 49-7 victory over Dale County High School.

The group was seated in a reserved section in the stadium.

Classmates and their guests returned to the Home Economics Department after the ball game and enjoyed a coffee which was planned by a group of classmates. A large variety of party food and fellowship were greatly enjoyed at that time.

## Legality Of Proposed One Cent Sales Tax Is Questioned

Mr. Lewey Stephens, the former District Attorney for Coffee County, met with the Coffee County Commission on Monday to discuss the private citizen," and told the Commission it does not have the power to impose a 1-cent tax on the new fund to buy a new jail, and if it tried to impose such a tax, a lawsuit would be filed.

"The failure to levy a tax is a misdemeanor," said Stephens, "and if you don't build a jail, you will be in contempt of court. The Commission has the power to impose a 25-mil tax on property. I know the problem you're facing, and realize you have to run a jail in 1993. The county has 1,000 beds but this is the only solution to the problem, because the county does not have the power to impose a 25-mil tax on property."

"I read the law," answered Stephens, "and it states the County has the power to tax."

"If the Commission passes a sales tax, the lawsuit will be filed," Stephens said.

and the first order of business was to open bids on 2,000 tons of stone for the Highway Department. Bids received were:

Vulcan Materials	- \$10.64 per ton;
Thompson Trucking	- \$9.49 per ton;
Southeast Materials Corp.	- \$9.90 per ton; and
Southern Stone	- \$10.10 per ton.

The Commission accepted the low bid.

partment will contract the county to do the work and will pay for the help. County Engineer Leslie Mullins agreed to meet Mr. Nail at the lake and give an estimate on the cost of doing the work.

Sheriff Brice Paul told the Commission he had been in contact with the National Institute of Corrections, and that the organization offered to send a penal expert to the county to inspect the facilities and make recommendations on what can be done.

will be in excess of what we'd planned to do," said Commissioner Bennie Beckham, "and I'd rather we draw up our own plans and then let them look 'em over. It might not be a bad idea to contact counties the N.I.C. has worked in, and see if they helped them."

"They would simply come down and talk to us," said Sheriff Paul, "and then offer help. Their whole bag is assistance, and I think they can do us a service."

I think a sales tax is unfair because a man who earns \$800 a week has to pay the same tax as the man who earns \$800 a week. But, that makes no difference - the Code states you cannot pass a sales tax for the purpose you have stated."

"The county attorney asked for an attorney general's opinion on the matter on September 17," said Probate Judge James L. Sawyer, "and we are waiting for a reply. We realize we will have to do something

Only one offer was received for purchasing 95 old batteries at the county shop, and it was from Robert R. Herring for \$4 apiece. The offer was accepted.

Two bids were received on a new boiler at the jail, and they were -

\$3,189 from Tucker Electric Service, and  
\$4,532 from ESMAC.

The Commission voted to accept the low bid.

"We should be able to get some helpful information on building jails," said Sheriff Paul, "and they might even be able to tell us where we can get funding to help pay the costs of construction. They will be here on October 30 - November 1, and help us solve some problems."

"We're sitting on thin ice," added Rowe, "and I'd hate to have a new witness come in that knows what they're talking about. I would rather they be ordered in than be invited in. You say they will only give us advice, but their advice could be more damaging than helpful. The Federal Government is in a better position than we are, because when they need money, they just print it up."

## Electric Board Meets Tuesday

The Elba Water and Electric Board held a brief meeting Tuesday night to review the business of the past month, approve the outstanding bills and adopt a budget for the coming year.

Board members were told that 39 accounts were behind for a total of \$1,488.04; eight accounts were inactive (moved, etc.) totaling \$508.20, and 13 accounts were in arrears for non-payment of \$1,104.12.

The power bill for purchased power totaled \$150,663.55 for the past month, and current accounts receivable due by the 15th were \$110,580.33. Chairman Charles Hayes reported he expected enough of these accounts to be paid by the due date to allow the utility to pay its outstanding bills, currently higher than the cash on hand. Most bills of \$5,326.14 were also approved by the board members.
